

APPROVED
Director of the College of St Ignatius of Loyola
Order No V-34 of 5 April 2017

**AN INSTRUMENT FOR SELF-REFLECTION OF THE TEACHER, INCLUDING METHODOLOGICAL, PEDAGOGICAL-DIDACTIC, SOCIAL
AND PERSONAL DIMENSIONS**

WORK EXPERIENCE ASSESSMENT UNDER THE ST. IGANATIUS OF LOYOLA COLLEGE PEDAGOGICAL PARADIGM

Based on the St Ignatius model of reflective education, reflect on and evaluate the experience of the work.

DIMENSION	CONTEXT What is the context, the environment, the situation? What happened? Describe.	EXPERIENCE What did I learn? What did I learn?	APPLICATION Why is this situation important to me? What was different about it than usual for me? What surprised me?	ACTION What will I do differently? How will I do it? How will I implement it in my work?	ASSESSMENT What do I need to improve in myself? What do I need to learn?
------------------	---	--	--	--	--

METHODOLOGICAL (methods of work/activity in a specific context/field of activity. With theoretical knowledge of operational methods, reflects on the correctness, appropriateness and achievement of the intended results of the application of the methods; critically assesses the gap between theory and practice in the application of the methods; makes suggestions for improving the application of the methods)					
---	--	--	--	--	--

DIMENSION	CONTEXT What is the context, the environment, the situation? What happened? Describe.	EXPERIENCE What did I learn? What did I learn?	APPLICATION Why is this situation important to me? What was different about it than usual for me? What surprised me?	ACTION What will I do differently? How will I do it? How will I implement it in my work?	ASSESSMENT What do I need to improve in myself? What do I need to learn?
PEDAGOGICAL DIDACTIC (teaching and learning methods, activities, roles in working with students, preparing for classes, designing study programmes, developing programmes and modules. Reflecting on individual experience, understanding strengths and weaknesses, rethinking what needs to be learnt, where to improve pedagogically, etc.)					

DIMENSION	CONTEXT What is the context, the environment, the situation? What happened? Describe.	EXPERIENCE What did I learn? What did I learn?	APPLICATION Why is this situation important to me? What was different about it than usual for me? What surprised me?	ACTION What will I do differently? How will I do it? How will I implement it in my work?	ASSESSMENT What do I need to improve in myself? What do I need to learn?
SOCIAL (interactions with students, colleagues, social partners, learning from these interactions - challenges, opportunities, obstacles, limitations; recognising and reflecting on one's own communication styles in different interactions and what needs to be improved and in which direction)					

DIMENSION	CONTEXT What is the context, the environment, the situation? What happened? Describe.	EXPERIENCE What did I learn? What did I learn?	APPLICATION Why is this situation important to me? What was different about it than usual for me? What surprised me?	ACTION What will I do differently? How will I do it? How will I implement it in my work?	ASSESSMENT What do I need to improve in myself? What do I need to learn?
PERSONAL (recognising and acknowledging personal character traits, assessing the strengths and weaknesses of personal competence; identifying directions for personal development)
